Important information that can save you money!

What is the Dental Health Alliance® preferred provider organization?
Dental Health Alliance (DHA®) is an option in your dental plan that can save you money every time you visit the dentist. DHA is the name of the PPO.

What is DHA-Premier?
DHA-Premier is a specialized product for certain states in the Midwest. By being a member of DHA-Premier, you have access to a larger group of participating dentists. Because this is a special program with additional benefits, you should always mention this product name to participating dentists. If you need to contact Assurant Employee Benefits, please be sure to identify yourself as a member of DHA-Premier.

All of the dentists who participate in the DHA PPO have agreed to discount their fees by up to 20%. Please contact Assurant Employee Benefits for more details about provider discounts.

Sample Cost Savings Example*:

* Savings may differ in cases where deductibles apply.

In addition to these provider discounts, your dental plan may pay higher benefits when you're treated by a participating dentist. To determine if the higher benefits apply to you, please review your certificate booklet, contact your HR department, or call Assurant Employee Benefits at the toll-free number on your dental ID card.

To receive these savings, you have to use a DHA-Premier dentist.

How do I find a DHA-Premier dentist?
It's easy to locate participating general dentists and specialists in your area. You have these options:

- Use the list in this directory for a general idea of the provider panel. For more current information, we urge you to consider the next two options.

- Visit the Assurant Employee Benefits web site at www.assurantemployeebenefits.com. Choose the "For Members" tab and then select "Find a Dentist" and follow the instructions. Make sure you pick "DHA-Premier" so your search is based on the correct group of dentists. Provider information on this site is more current than that in the directory.

- Call Assurant Employee Benefits at 800.442.7742.
What if I have special telephone requirements?
If you are more comfortable speaking a language other than English, we can still assist you with a customized telephone referral. We use a translation service whose interpreters are fluent in over 140 languages. Call the number above to use this service.

What if I need to see a specialist?
Even if you do not receive general dentistry care from a DHA-Premier dentist, you are welcome to use a DHA-Premier specialist. In most areas you will have a wide selection of DHA-Premier specialists from which to choose. All participating specialists have agreed to discount their fees by up to 20%.

Your company may or may not offer orthodontic coverage. Some DHA-Premier orthodontists will discount their usual fees for you even though this isn't a covered insurance benefit. Contact Assurant Employee Benefits for the names of participating dentists who offer this discount.

How do I schedule an appointment with a DHA-Premier dentist?
You and each of your eligible dependents should select a participating dentist. Then call the dental office and make an appointment. When scheduling an appointment, always identify yourself as a DHA-Premier member. This will ensure you receive the proper discounts.

When you go to the dentist, remember to bring your Assurant Employee Benefits/DHA-Premier ID card to verify eligibility. We also strongly advise you to confirm with the dental office that you will be seen by the dentist that you chose. You must receive treatment from a DHA-Premier dentist to qualify for the discounts.

REMEMBER...

• You always decide which dentist to use. You are never "locked in" to a dentist.

• Choosing a DHA-Premier dentists will save you money. You can use a non-participating dentist, but you won't receive the discounts.

• Call Assurant Employee Benefits at 800.442.7742 for a customized referral or other special services.

• Always identify yourself as a DHA-Premier member when scheduling an appointment or visiting the dentist. Also confirm the dentist's continued participation in the PPO prior to treatment.
